
CANTON

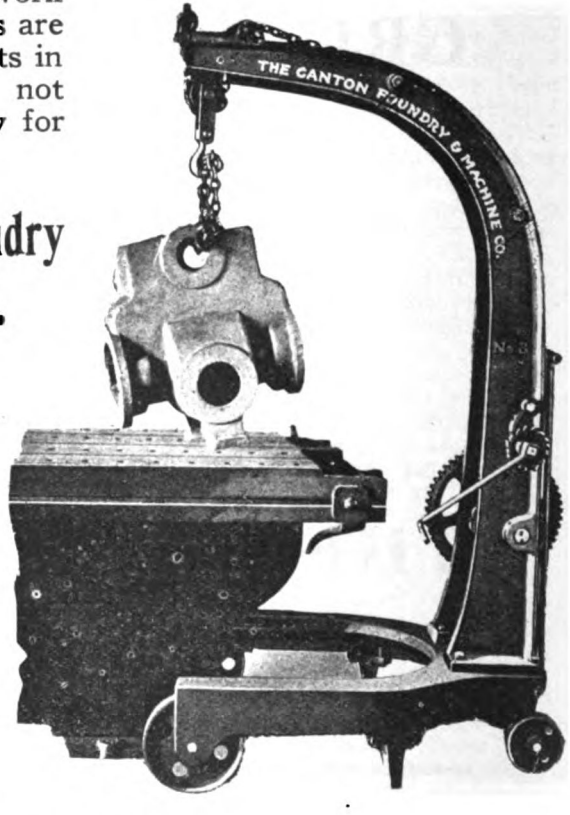
Are your lifting costs running high? Why not reduce them by installing the handy, quick and efficient Canton Portable Floor Crane and Hoist. The Crane will lift your work and carry it to all parts of your shop and can reach many parts which an overhead crane cannot possibly reach.

THE CANTON PORTABLE FLOOR CRANE AND HOIST

is of unusually rugged construction and design. One man with a "Canton" Crane can do far more work than six men and in less time. "Canton" Cranes are cutting lifting costs in some of the largest plants in the country. Why not yours? "Write today for catalog E-1."

The Canton Foundry & Machine Co.

Canton, Ohio.



CANTON ALLIGATOR SHEARS

are of extremely high quality. Best materials obtainable are used in their construction. Large well proportioned castings insure long life and efficient service. Canton Shears may be had in many styles and sizes. There's a Canton Shear that will meet your needs exactly. Send for catalog "D-1."
